CONGREGATIONAL CONNECTORS

Do you fit any of these profiles? If not, do you know someone from your congregation who does?

What are Congregational Connectors?

Congregational Connectors are volunteers (ideally 2 from each congregation) who will help share the facts, excitement, progress, and ideas of the Forward Together in Faith Campaign with their own congregation in creative and engaging ways.

- Connectors will have the opportunity to attend a workshop in Fall 2015 to learn the details of the campaign, to help them understand their role in connecting congregations to the synod, and to gain ideas on creative ways to do this.
- Connectors will have available to them a variety of tools and resources provided by the synod, including study guides, minute for mission outlines, video clips, web resources, and much more to help them tell the story of the campaign in their context.
- Connectors can be anyone – no special training or education is needed! If you are excited about ministry and interested in helping spread the word about what God is up to through our Synod, then YOU would make a great Connector!

If you are interested in learning more or signing up to be a Congregational Connector, please fill out the slip below and drop it in the “Connector Bin” outside the Synod Assembly Office.

Do you know someone in your congregation who you think would make a great Congregational Connector? Please share this information with them and leave us their contact information so we can follow up!
